

FOAMCHEK®

LOW-FOAMING ACID CLEANER

FOAMCHEK is a non-foaming acid cleaner, specially intended to dislodge calcium deposits (milkstone, scale, etc.) in closed loop recirculating systems (C.I.P.).

FOAMCHEK is effective on a wide variety of surfaces including: piping, tanks that are spray cleaned, pasteurizers, fermentation tanks, curding tanks, water lines, etc.

FEATURES AND BENEFITS

- Mild odour
- Low viscosity
- Moderate acidity
- Very effective
- Low corrosion

DIRECTION FOR USE

Equipment to be cleaned	Closed circuit and recirculating cleaning systems (C.I.P.), such as: piping and tanks in agricultural and horticultural premises.
Soils to be removed	Calcium deposits, such as milkstone, scale and residues from alkaline cleaners.
Use procedure	Prepare a solution of FOAMCHEK and circulate in the cleaning system. Or immerse the surface to be treated.
Concentration	Between 0.5% to 5.0% (5 ml to 50 ml/litre of water).
Temperature	Between 5°C and 70°C (41 and 158°F).
Dwell time/Operation time	Between 5 to 25 minutes.
Mechanical action	Circulation of the liquid or spraying by sprinklers is usually enough.
Rinsing	Rinse well with potable water.
Reuse/recycling	When collected in a clean tank, it may be reused. Verify the concentration after each use. If the solution is not clear, or floating particles are visible, replace solution.

FOAMCHEK® LOW-FOAMING ACID CLEANER

PHYSICAL PROPERTIES

Appearance	Clear blue liquid
Odour	Odorless
Specific gravity @ 20°C	1.27
Viscosity	< 10 cps
pH	< 1
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	Low
Concentration monitoring techniques	Electrical conductivity, titration
Rinsing	Excellent

INCOMPATIBILITY

Bases, bleach

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
4 X 4L			

IMPORTANT

Before using **FOAMCHEK**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

PERSONAL PROTECTION

WHMIS
